

Access  
Partnership

GVF Cellular Backhaul 2017, London - 22 June

**New Customer Base,  
New Obligations:  
The Example of the GDPR**

By Anna Guégan,  
Manager, Policy and Market Access – CIPP/E

Access Partnership 2017

# Introduction to Access Partnership

---

# History

Grown to 40 staff in 6 offices

# A New Customer Base

---

# New Market Involves New Obligations

New types of users:

- General public
- Mobile access for general public
- M2M and IoT

New types of obligations (service to the public):

- Local registration
- Lawful intercept capability
- National data protection regulations, etc.

# An Example: the European Union's General Data Protection Regulation

---

# Requirements

Applies to EU and non-EU corporations processing the personal data of EU residents.

## **Data collection:**

Consent, transparency of processing, purpose limitation, etc.

## **Data processing:**

Accountability of data controller, Data Protection Officer, data breach notification, possibility of data erasure, etc.

## **Cross-border data transfer:**

Restriction on international data transfer outside the EU (adequacy decision, appropriate safeguards and derogations)

# Compliance Strategy

- Data protection must be taken into account in the design of new products and services
- Possibility for the industry to elaborate its own standards recognised by data protection authorities (codes of conduct)
- One regulation is better than 28 or more laws!
